🔗 [mousmimukherjee-dev](#)

📍 Stockholm | Swedish Citizen

PROFILE:

Frontend developer with experience developing modern, responsive web applications using React, Next.js, TypeScript, JavaScript, HTML, and CSS through academic and client projects. Skilled in creating reusable UI components, integrating REST APIs, and translating Figma designs into responsive interfaces. Currently seeking a LIA internship or junior frontend developer opportunity where I can contribute, collaborate, and continue growing as a developer.

EXPERIENCE:

Student

Future Games

08/2025 – Present

📍 Stockholm, Sweden

- Built multiple responsive web applications using React, Next.js and Typescript.
- Developed dynamic and scalable user interfaces with modern frontend practices.
- Collaborated with teams following Agile methodology, participating in sprints and delivering demos during group projects.
- Styled applications using Tailwind CSS, Bootstrap, Material UI (MUI).
- Implemented reusable components and improved UI consistency.
- Wrote unit and integration tests using Jest and React Testing Library to ensure code reliability.
- Integrated frontend with backend APIs and handled dynamic data rendering.
- Built and deployed responsive web applications to Vercel.
- Used Git and GitHub for version control and collaboration.

Student

Hyper Island

08/2024 – 05/2025

📍 Stockholm, Sweden

- Designed and developed immersive XR (AR/VR) experiences using Agile methodology.
- Worked in agile sprints with regular stand-ups and iterative feedback cycles to deliver functional prototypes under real project constraints.
